Introduction

New Zealand Commemorative Medals since 1940

The 2020s

Martin Purdy FRNSNZ
Jason Gray
Rodney Hall
Hamish MacMaster FRNSNZ

ISBN 978-1-99-110804-3

This is a further chapter in a projected multi-volume series updating Hamish MacMaster and Martin Purdy's New Zealand Commemorative Medals 1941-2014 (2014) and its predecessor published in 2009. The third edition marks a departure from previous RNSNZ catalogue projects in that it is being released electronically in the first instance, and in sections. In this way, parts of the book can be published as they become ready and can also be regularly updated as new information becomes available.

The various sections of the catalogue will ultimately cover NZ's medallic history from 1940 (not Centennial-related) to date. Issues up to and including the 1940 Centennial are being covered by a companion series, "The Leon Morel Catalogue of Medallic Commemoratives of New Zealand up to 1940", also being published in parts and in electronic form.

The "2020s" chapter will be progressively expanded until the end of the decade. It is hoped that regular updates will be produced as new items are created and/or discovered.

Because these publications are being released as searchable PDFs, the previous Index of Legends has now been dispensed with as unnecessary.

Acknowledgements

Thanks to the many dealers and collectors who have made illustrations available, including Graeme Brown, Tony Grant, Leigh Gravestock, Graeme Hancock, Lois Ion, Jim Johnson, Ross and Angie Kidd, Craig Kitchen, Don MacNeill, Jim Noble, NZ Post, Todd Skilton, and many others whom we have approached with specific requests since beginning this project in 2014.

New series (2022), Version no.: 5, April 2026

About the Authors …

Martin Purdy FRNSNZ

Martin arrived in New Zealand as a five-year-old in 1970 with a matchbox full of British coins that eventually formed the basis for his collection.

The discovery of coins with legends in foreign languages and different alphabets led him to a career as a translator, though he has remained an active collector and student of coins and medals for over 50 years.

A former President of both the Royal Numismatic Society of New Zealand (2003-2006) and the Wellington Coin Club (1989-1994), and Secretary of the RNSNZ (1990-1997), he was involved in editing and publishing the Society's Journal for over twenty-five years, becoming a Fellow of the Society in 2003.

Subsequently, he collaborated with Hamish MacMaster on larger-scale undertakings such as the two editions of the catalogue of post-1940 Commemorative Medals published in 2009 and 2014, and the first and second editions of the Catalogue of NZ Challenge Coins (2011, 2016). In collaboration with Rodney, he compiled and published a supplement to the 2nd edition in May 2019.

A new initiative has been the start of a chapter-by-chapter electronic publication of a third edition of Leon Morel's catalogue of pre-1940 medallic commemoratives, with this electronic third edition of the "MacMaster" post-1940 catalogue being prepared in parallel.

A keen vintage car enthusiast, Martin also edits Sphinx-NZ, the magazine of the Armstrong Siddeley Car Club in NZ.

Jason Gray

Jason started to take an interest in numismatics after being shown a 1993 kingfisher design $2 coin by his grandfather as a teenager. But it was not until many years later that he started collecting coins himself, joining the Manawatu Numismatic Society in 2007. His interests extended to medals and tokens. However, his passion is in the small details of coin errors, and this is documented on his website coinerrors.nz.

Now Jason works on discovering, photographing, and cataloguing New Zealand coins, tokens, and commemorative medals, and has contributed to the medal and challenge coin catalogues in this series since 2014.

He is a keen kayak angler and loves going on adventures with the family.

Rodney Hall

Rodney was born in an England still gripped by food rationing. At 18 months, he travelled by plane (BOAC Argonaut) via the Middle East and Ceylon to Singapore (a three-day trip with flying only during daylight hours).

He spent the next 13 years overseas in Malaya, Singapore and finally on the island of Zanzibar in East Africa, and has fond memories of sea, sand, and sun on the beaches there, with boarding school just a plane, train, and bus ride away in Kenya.

It was during these years in East Africa that Rodney started collecting world coins, garnered by his father who travelled extensively around the world as a fisheries scientist.

After returning by ship (the P&O liner Chusan) via Cape Town to England, he could not wait to leave again, and in 1978 with a young family in tow emigrated to New Zealand.

Along with his interest in NZ challenge coins, Rodney also collects NZ Geocoins, NZ Pathtags and Philippine challenge coins, and is actively researching and gathering data for future electronic catalogues, including monthly online updates to the standard reference on NZ Challenge Coins.

Hamish MacMaster FRNSNZ

Hamish was born in 1961 in Christchurch, where he developed an early and passionate interest in coins and medals.

Hamish has been a member of the Royal Numismatic Society of NZ for over twenty-five years, serving as its Assistant Secretary (2003) and Secretary (2009-2013, 2022-), and is currently a Vice President (2014-).

In addition to regular articles for the Society's Journal, he has written, in collaboration with Martin Purdy, the 2009 Catalogue of New Zealand Commemorative Medals 1941-2007, and its updated and expanded 2nd edition in 2014; and the 2011 New Zealand Challenge Coins: A Catalogue, and its second edition in 2016.

In 2010 he became a Fellow of the Society.

Pursuing a diplomatic career in the Ministry of Foreign Affairs and Trade, Hamish served as New Zealand's Ambassador to the Islamic Republic of Iran accredited also to Afghanistan and Pakistan (2004-2009) and was subsequently Ambassador to the Kingdom of Saudi Arabia (2015), resident in Riyadh and also accredited to Bahrain, Kuwait, and Oman. In 2016 his list of (non-resident) accreditations was expanded when he was appointed as New Zealand's first ever Ambassador to the Republic of Yemen. Hamish returned from serving again as Ambassador to Iran in 2021.

Join the Royal Numismatic Society of New Zealand

You are warmly invited to join the Royal Numismatic Society of New Zealand. The Society has operated since 1931 to promote all aspects of numismatics in New Zealand, including the study and collecting of coins, tokens, banknotes, and medals.

The Society offers you all this:

- A high-quality printed Journal with research and articles for the permanent record, usually published once a year with the occasional bonus issue
- Two information-packed Newsletters each year, normally in May and September
- Periodic postal auctions, Society Conventions, fairs, and promotions
- Access to the members' part of the Society web site
- Meetings where you can learn more, trade with fellow collectors and enjoy your interests with fellow enthusiasts. Normal monthly meetings are held at the Wellington Club, 88 The Terrace, Wellington, at 7:30 pm on the last Wednesday of the month. Check venues first as occasional meetings are held at other locations. Meetings are open to members via Zoom.
- The opportunity to join with an extensive membership base to advance collectors' interests.
- Participation in our Facebook community: http://tinyurl.com/pe529bo
- Access to our comprehensive library of numismatic material
